

ATTENTION SNOWMOBILERS!

Beginning

January 1, 2016

**You can join your
favorite
NH Snowmobile Clubs
/ NHSA ONLINE!**

What has changed?

NHSA has converted to a web-based membership program beginning this past July.

Beginning January 1, 2016, you will be able to join participating NH snowmobile clubs online from your smart phone, tablet or computer with an Internet connection. You will continue to be able to join your favorite clubs by mail or at the registration agents as you have in the past. Now joining online will be an added convenience for you to join anytime you have an extra few minutes. If you have waited till the last minute to purchase your club membership, you will be able to go to www.nhsamembership.com to join your favorite clubs online before you arrive at the registration agent to save time by using one of the following ways:

1. Join from your home computer and print a registration voucher to present to the agent as proof of membership.
2. Join from your smart phone or tablet, just before or on your way to the registration agent. You can save a copy of the Registration voucher on your phone to present to the agent as proof of membership or simply log back in to your account and present your phone with the voucher showing as proof of membership.

You will be able to join and make donations to as many clubs as you wish online in a simple process. You will also be able to access your account at any time to print or show your registration voucher as proof, just in case you have forgotten or lost your registration voucher.

Why the change?

We began having discussions over 3 years ago about improvements that were needed to the membership program. First and foremost, a new system was needed to address audit requirements and delay in membership benefits due to entry time. In addition, the system in place was very cumbersome on many club volunteers and outdated. We began meeting with our clubs last December through County meetings to review if they saw value in online membership. In those discussions, we also reviewed the benefits other states were seeing from online memberships, registrations and convenience to membership. After several meetings with clubs to develop a program that worked for the majority, we developed the Web-based Membership program that is in place today. There may be a few bugs to work out as with every new system, please be patient.

NHSA encourages you to join your local clubs to support their programs as early as possible. The cost of trail maintenance and grooming continues to increase and without your support, providing the smooth trails we enjoy is much more challenging. The benefits of joining your local clubs include up to date information and places money directly into the club or clubs of your choice to make trails better in that riding area.
